NewsRoom Portfolio Website

1. **Home Page**
   Location: /content/us/en/news
   Components Used: News Component
   Each article should include:
   - **Title** (Descriptive news headline)
   - **News Detail** (Body content of the news story)
   - **Published Date** (Display publication date)

   Steps:
   1. Navigate to **Sites** in AEM.
   2. Create a new page under /content/us/en/news.
   3. Use the **News Component** to fill in the required details for each article.
   4. Repeat for five unique articles.

2. **Header Section In each page**
   Purpose: Header navigation for the site
   Pages Included:
   - News (Menu Section)
   - Contact Us Page
   - About Me Page

   Steps:
   1. Go to Experience Fragments in AEM.
   2. Create a new Header XF.
   3. Add a menu using the navigation component that includes the above-mentioned pages.
   4. Integrate the XF into the site's page template for consistency.

3. **Footer Section in each page**
   Sections Included:
   1. News Menu Section (Uses list component to show 4 articles)
   2. About Me Section (Uses text component for bio)
   3. Contact Us Section (Uses text component for contact info)

4. Social Media Section (Uses list component for social links)
   Steps:
1. Create Footer XF in Experience Fragments.
2. Configure each section using the specified components.
3. Add this XF to page templates.

4. **Contact Us & About Me Page**
   Contact Us Page:
- Displays contact details (phone number, office address, email).
- Use text components for structured formatting.
   About Me Page:
- Provides details about the journalist.
- Use Teaser, Image, and Text components for content presentation.
   Steps:
1. Create two new pages (contact-us, about-me).
2. Use appropriate components for each page based on structure.
3. Ensure content is engaging and informative.

Nepal's Political Divide

Pro-monarchy protests in Nepal are intensifying, with demonstrators demanding the restoration of the monarchy and Hinduism as the state religion. This has led to clashes and a deepening political divide
